CAREER PROFILE

Talented and goal-driven Frontend Developer capable of leveraging technical skills and creativity in developing responsive website and website applications to deliver high-quality user experience, thus improving organizational productivity and user experience. Highly skilled in Frontend Development technologies and experienced in collaborating with cross-functional teams to deliver dynamic websites and web applications for enhanced organization outcomes.

PROFESSIONAL EXPERIENCE

Freelance Frontend Developer

Jan 2023 - Present

- Design and develop responsive, user-friendly websites using HTML, CSS, JavaScript, and frontend frameworks like React Js.
- Developed several custom web applications for clients in various industries, incorporating interactive elements and modern design trends.
- Built and deployed e-commerce websites with features such as product listings, shopping carts, and payment gateway integration.
- Collaborate with clients to create visually appealing and intuitive user interfaces, ensuring a seamless user experience.
- Developed Single Page Applications (SPAs) using React js, providing users with a dynamic and fast browsing experience.
- Achieved a 90% client satisfaction rate, with numerous positive testimonials highlighting the quality and reliability of delivered projects.
- Implemented design and functionality improvements that led to more than 25% increase in user engagement for several clients.

Website Developer - Ace Solutions Africa

Mar 2021 - Dec 2022

- Designed and developed user-friendly, responsive websites using HTML, CSS, JavaScript, and modern frameworks such as React.
- Implemented server-side logic, database management, and integration with APIs using Node.js, Express, and MongoDB.
- Worked closely with clients to understand their requirements, providing customized solutions that aligned with their business goals.
- Provided ongoing maintenance, updates, and troubleshooting for existing websites to ensure optimal performance and security.
- Developed a fully functional e-commerce platform for a major retail client, including payment gateway integration, product management, and customer login functionalities.
- Created over 20 corporate websites with tailored designs and features, enhancing the online presence and brand identity of various businesses.
- Ensured all websites were fully optimized for mobile devices, leading to a 15% increase in mobile user engagement.

ICT Intern - Mwingi Teachers Training College (MTTC)

May 2018 - August 2018

- Planned and delivered engaging lectures, practical sessions, and workshops on various ICT topics including programming, web development, networking, and cybersecurity.
- Developed detailed syllabi, lecture notes, and practical lab exercises for courses such as Introduction to Programming, Web Development, and Network Security.
- Received consistently positive feedback from students and colleagues for effective teaching methods and dedication to student success.
